

InStat
HOCKEY PACKAGES

LITE

from \$30 / game

FULL

from \$60 / game

PRO

from \$120 / game

A budget-friendly and quickly produced game analysis that allows a coach to see all key team actions, prepare video clips for players, add drawings and comments, and share the results with the players easily. The coach will have tools to analyse shots of his/her players in detail and the goalie coach will be able to watch ready-made clips of the goalie's actions: shot distribution over the net, goalie's play in different situations.

\$30 / game

\$1000 / season

(up to 40 games)

What's included:

- Access to all games of the team for three staff members
- Access to all games of the team for all team players

Optionally:

- One-league scouting access (All games within one league)
\$500
- Nationwide access (All leagues inside a country)
\$2000
- Global access (All available leagues)
\$3000

What coaches get:

- Access to InStat Scout database with clips and basic stats.
- Video editing and sharing tools
- PDF game report with basic team stats

What skaters get:

- Access to detailed video clips of own games on InStat Scout

Analysed actions:

Goals
Assists
Shots
Shot types and shot zones in goal
Chances
Violations
Plus/minus
Face-offs
Hits
Power play/short-handed play
Shots blocked
Saves
Errors leading to goal

Most preferred package. Alongside the Lite package features all shifts are registered which allows the coach to watch all shifts of any of his/her players. The players receive an automatic email with playlists not only on his/her puck touches but also on all the shifts. Furthermore, “Controlled breakouts” are registered as well - clips of the crucial tactical element in just one click.

\$60 / game

\$2000 / season

(up to 40 games)
